

I am strongly against the proposed new rules that will further concentration in the media. I live in an exurban area between Boston and New York; ALL of the local media have been purchased by major organizations. I started up a local paper myself recently with a friend in order to encourage local small business; these big non-local paper interests subsist on large advertisers who are not able to adequately promote local ownership. STOP THESE NEW RULES, PLEASE! IT IS AGAINST SMALL ENTREPRENEURS, IT IS AGAINST FREEDOM OF THE PRESS, IT IS TERRIBLE.
